

## You Done Stomped on My Heart (Mason Williams / John Denver)

**G**  
I told you that I love you

**C**  
You said that is so good

**D7**  
I called you my darlin'

**G**  
I thought I always would

**G**  
But now you've gone and left me

**C**  
I don't know what to do

**D7**  
So my little darlin'

**G**  
I write these words to you

**C**  
You dun stomped on my heart

**G**  
And you mashed that sucker flat

**A7** **D7**  
You just sorta - stomped on my aorta

**G**  
You started going out with guys

**C**  
I felt us drift apart

**D7**  
And every step you took

**G**  
Was a stomp upon my heart

**G**  
*I only hope that someday*

**C**  
*You get them low down blues*

**D7**  
*In some smokey honky tonk*

**G**  
*You looked down at your shoes*

**G**  
*You'll think about that tender heart*

**C**  
*That you crushed beneath them soles*

**D7**  
*With your clod bustin' stompers*

**G**  
*You left my heart so full of holes*

**C**  
You dun stomped on my heart

**G**  
And you mashed that sucker flat

**A7**  
It got really scary

**D7**  
When you crushed my pulmonary

**G**  
You started stepping out with guys

**C**  
You tore our love apart

**D7**  
And every step you took

**G**  
Was a stomp upon my heart

**D7**  
And every step you took

**C G**  
Was a stomp upon my heart
